

### 7.3

#### **BEST PRACTICE I :**

##### **1) Title of the Practice Organisation of blood donation campaign / drive**

##### **2. Objective of the practice:-**

1. To organise a blood camp by keeping in mind the growing need for blood in the corona period
2. To do social work social work through blood donation camps
3. To help sick people and accident victims through blood donation camp to save their live.
4. To create a sense of social responsibility in the mind of students.
5. To create awareness in the society about blood donation.
6. To try to meet the need for blood by organising blood donation camp on the occasion of birthday
7. To respond the government and UGC's call to organise blood donation camp in the college during corona period.

##### **3. The Context:**

Due to increasing of pollution, lack of nutritious food grains, consumption of chemically produced fruits and vegetables, hectic lifestyle or negligence of health, human beings are facing various diseases day by day to treat these diseases various surgeries are required, rise of incidents of accidents and surgeries of accident victims and the rise of corona epidemic has increased the demand for blood is increasing day by day. Only in Maharashtra state needs more than 8 lac liters of blood every year.

Every year 15-20% people in India are losing their lives due to lack of blood. On the other hand, only 0.6% of people in India are seen blood donating. Therefore it is necessary to motivate the society for blood donation by creating public awareness about blood donation. A sense of responsibility towards society needs to create in the mind of student and every common man .the blood donation movement needs to be accelerated through birthday events, Recognising this matter , the collage should organise blood donation camp every year.

#### **4. The practice:-**

In view of the growing demand for blood during corona period our college organised a blood donation camp on 30<sup>th</sup> may 2020 with co-operation Ahmednagar blood bank, Ahmednagar in compliance with the corona rules, in response to the government call through social media it was appeal to the students and community to donate blood. Our blood donors donated blood in this blood donation camp like every year. In this blood donation camp 39 donors donated their blood. Also like every year on the birthday of our honourable president of institution Hon. Bhimraoji Dhonde, a blood donation camp was organised on 4<sup>th</sup> August 2020 in association with Ahmednagar blood bank. These blood donors remain aware in future, this is a great achievement. An invitation was given to students, staff and people in the community through social media for blood donation. 15 donors donated their blood in this camp. The physical facilities were providing by the college while all the medical facilities were provided by the Ahmednagar blood bank, Ahmednagar.

#### **5. Evidence of Success:-**

Awareness about blood donation and a sense of social responsibility in the mind, every blood donor came to this blood donation camp to donate blood. These blood donors remain aware that is a great achievement The College unexpectedly saved the lives of some patients by in the contributing to the high demand for blood in the corona period. The success of this blood donation camp is due to fact that new blood donors have joined the blood donation movement through blood donation camp.

#### **6. Problems encountered and resources required-**

Fear about blood donation in community, lack of understanding about blood donation, lack of public awareness about blood donation, lack of sense of social responsibility such problems make it difficult for students an society towards blood donation. For organisation of a blood donation camp, Beds, Chairs, stands, blood bags, such kinds of medical fields related equipment required.

#### **7) Note:-**

Those students who will donate blood such student should get extra 10 marks as a benefit in their final exam. by the University. The universities and Government should organize

blood donation awareness programmes to promote this activity in college the UGC should assist the college for organization of such extracurricular activities.

## **BEST PRACTICE II**

### **1) Title of the Practice – Green Campus- Clean Campus**

#### **2) Objectives:**

- To beautify the campus of college by tree Plantation.
- To make college premises decorated and eco-friendly.
- To make campus pollution free.
- To inculcate the importance of tree planting among society and students.

#### **3) The context:**

Most of public and religious places are not be ecofriendly. To lessen the amount of pain, grief and fatigue, people generally visits religious places for harmony and satisfaction. There is no adequate amount of oxygen at public places. Students and society do not appear to plant trees at public places and religious places.

#### **4) The practice:**

NSS, Department of lifelong learning and extension, teachers and Society played a valuable role to beautify the campus of institute by tree plantation.

#### **5) Evidence of success:**

Due to cultivation of flowers and trees beautifulness of the campus has enhanced. Every person who visits this campus feels joyful and satisfied. Students and villagers have understood the importance of tree plantation and environment conservation. This practice inspires others also.

#### **6) Problems encountered and resource required:**

Financial assistance is needed for tree plantation, Iron vessel, nets and drip irrigation.

#### **7) Notes:**

If UGC and society will provide financial assistance to the college, it will be great help for this practice. The college will take co-operation from the local Society in order to make this practice successful.
