## Online Education

1. Does all programs/courses were completed on time.		Yes	
2. Measures taken to complete the syllabus of courses and programs.		<p>As It begins with the split syllabus planning for a given class and subject. Every teacher should invest adequate amount of time to make the planning objective so that the scope for deviation is negligible. Here is a sample format which could be used for split syllabus planning. Estimating the number of periods required for completing a unit and the number of teaching periods available in each month requires a logical mind on the part of every teacher. It is most likely for a teacher to encounter deviation even after being objective while planning keeping in mind all possible factors. This deviation could be of two types. • The actual date of completing a unit might be earlier to the fixed date. The actual date of completing a unit might be later than the proposed date</p> <p>A careful analysis of the causes for these two types of deviation would help better understand their impact on the learning outcomes for students. Some of the probable causes for deviation are mentioned below.</p> <ul style="list-style-type: none"> <li>• Experienced vs Inexperienced Faculty</li> <li>• Senior Faculty involved in both teaching and administration</li> <li>• Teacher absenteeism/unavailability</li> <li>• Unforeseen holidays</li> <li>• Loss of academic time due to practice for major school events</li> <li>• Difficulty in bridging the learning gap among the students in a class Experienced faculties after a period, acquire a hold on their way of teaching, ensuring learning, classroom management, assessment, note book correct, dealing with parents etc. They are considered capable of meeting the challenge of syllabus completion despite all odds. The problem lies with them. In most of the cases, they are the ones who fall short of time to complete the syllabus in time. Be it an experienced teacher trying to complete a concept which principal. All these ways only help teachers feel satisfied that they have done their job of completing the syllabus.</li> </ul>	
3. The period of delay in completion of syllabus (in months).		0	
4. The period of delay in conducting exams (in months).		0
